***Reasons for Allowance***

1. ***Status of Claims:*** A Final rejection was mailed out on 8/4/08, claims 1, 3-19 were rejected. The Applicant replied and filed an After Final on 10/3/08, claims 1 and 11 were amended. The Applicant filed a Request for Reconsideration on 11/4/08.
2. The following listed below is an examiner's statement of reasons for allowance:
3. Claims 1, 3-19 are allowed.
4. Claims are allowable for the limitations, "when the data receiving means fails to correctly receive the decryption key, when a new data receiving means is connected, and when a data receiving means rejoins connection after a failure", an example of prior art that fails to disclose or suggest these limitations is Seth-Smith. Seth-Smith discloses an encrypted signal is transmitted via satellite, by a landline or by both to a receiving antenna. Seth-Smith discloses a subscription television system in which individual decoders are enabled to receive individually addressed messages. The composite signal, including video and teletext, also includes addressed packets, which are detected by decoders and which indicate that a message addressed to a particular subscriber is forthcoming. The addressed packet is decrypted using a decoder-specific code and a system key transmitted as part of the system control data, while the teletext packet is decrypted using the system key, but cannot be received until the addressed packet has been decrypted. Prior art fails to disclose or suggest, "when the data receiving means fails to correctly receive the decryption key, when a new data receiving means is connected, and when a data receiving means rejoins connection after a failure".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
